Liquor Chocolate

30s introduction

Innovative **color-block candy box design**, offering you liquid metal and suede texture, and vibrant anti-loss straps. With **segment-best 50dB active noise cancellation** and **lossless Hi-Res sound quality**, it boosts exceptional studio-grade audio quality. Even on the subway, they deliver a quiet personal space. Paired with an **ultra-long 56-hour battery life**, you won't need to recharge for a full week with regular use!

Candy Box Design

Candy Box Design

Boasting **Bold Color-block Design**. Premium Materials of Metal and Suede.

Anti-loss Strap

Colorful straps keep your earbuds **handy and visible**. Perfect for gym, commute or hikes.

Mini Cube Size

A revolutionary breakthrough in size. **4.5g Ultra-lightweight** for all-day comfort. Comfortable to wear with zero fatigue.

Top-tier Noise Cancellation

50dB Flagship Noise Cancellation

Segment's leading noise cancellation of up to **50dB and coverage of frequencies up to 5000Hz**. Blocks ambient sounds, no distracting voices—put it on, and the world goes quiet instantly.

AI Vocal Noise Cancellation

It **precisely targets and suppresses ambient human voices**. When using it in noisy cafes or subway commutes, it can accurately reduce nearby people's chatter while preserving the music or call audio you want to hear—smarter and more effective than you thought.

6-Mic Clear Call System

Crystal-clear calls, uninterrupted by strong winds!

The 6-mic system (3 per ear) uses DNN-powered AI-ENC to fuse signals and filter noise, ensuring precise voice pickup and crystal-clear call quality. (DNN: AI powered deep neural network; ENC: Environmental Noise Cancellation)

FF Mic: FeedForward Mic
FB Mic: FeedBack Mic

Top-tier Audio Quality

Hi-Res & LHDC 5.0

It has a leading audio quality with **industry certified Hi-Res** and **pristine audio with LHDC 5.0** to reduce loss during audio transmission—just like listening to music in a professional recording studio.

12.4mm Powerful Driver

Segment's largest **12.4mm deep bass driver** with titanium-plated composite. It effectively enhances high-frequency extension, and delivers immersive bass and studio-grade audio!

Spatial Dynamic Audio

Connect to **realme Link** to enable the **Spatial Audio** for an immersive sound experience. Brand new **360°** immersive surround sound experience, so you feel like you're right at the center of the action.

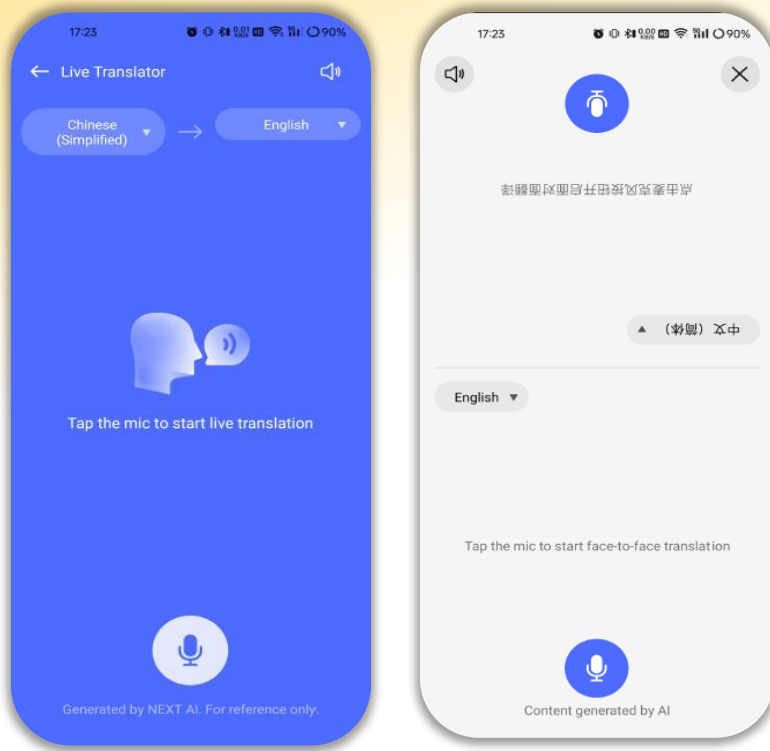

Smart Lifestyle Experience

Flagship AI Translate

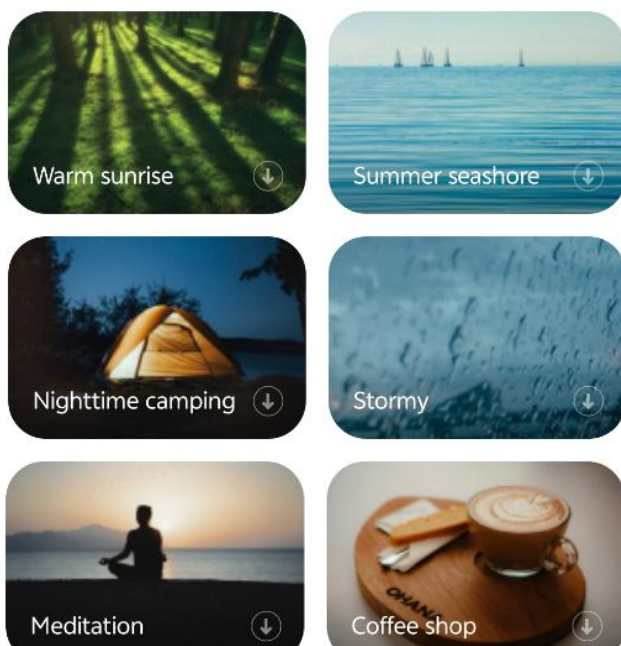

- It supports **AI Live Translator** and **Face to Face Translator**—connecting you to the world.
- For **face-to-face conversations**, it offers translation in **30+ languages**, with simultaneous transcription available.

* The AI features require connection to the realme Link app to use.
*Simultaneous Interpretation Mode: Approximately 8-second delay.

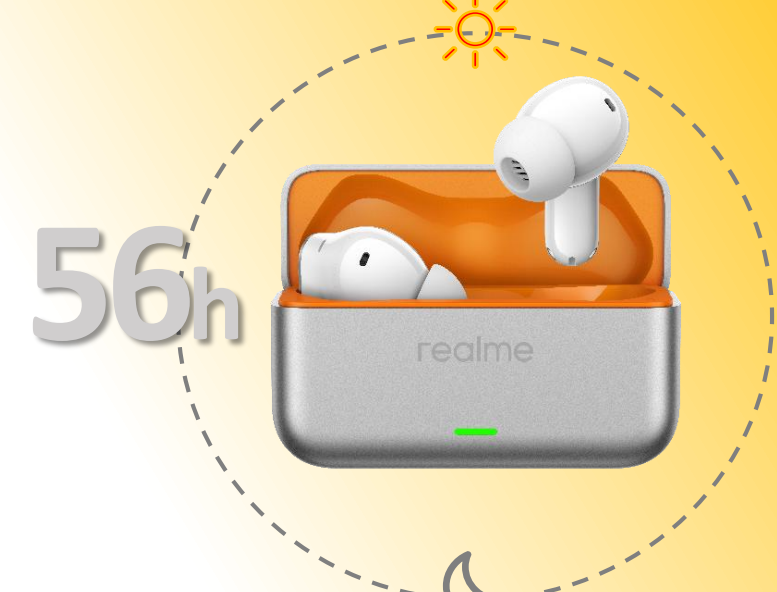

MindFlow Mode

- Open **realme link**, you will find the built-in **MindFlow Mode**, features a variety of high-quality ambient sounds.
- Paired with **active noise cancellation**, **MindFlow Mode** significantly boosts your concentration, while also providing powerful support for **meditation and deep relaxation**, restoring your mind and body to a state of calm.

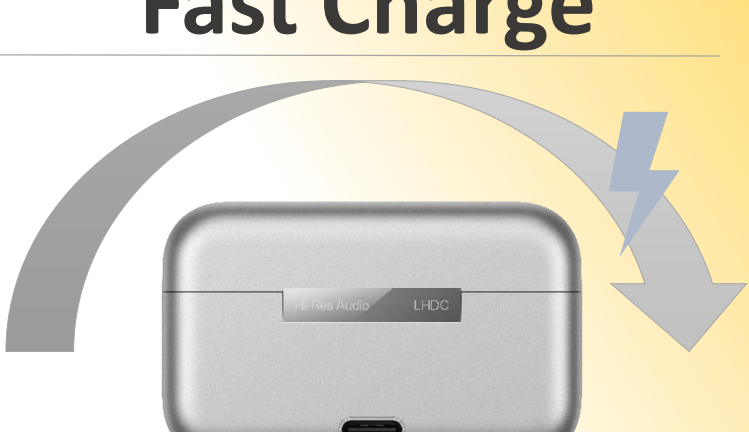

Quality Choice

56h Endurance

Fast Charge

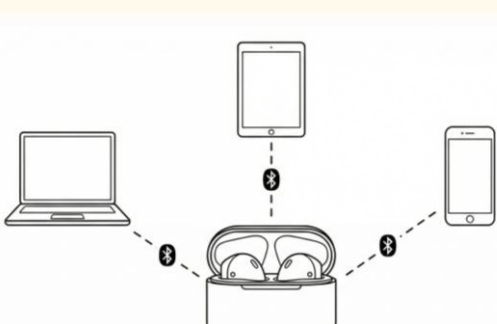

Charge for 10 minutes, play for 10 hours. Perfect for business trips and travels.

Swift Pair

Pairing is instant and effortless with **Swift Pair** - no more manual searching one by one!

Triple Connection

Support the connection to **three devices simultaneously**. When a call comes in, it will switch from the laptop/pad to the phone.

Bluetooth 6.1

The new version Bluetooth 6.1 delivers **safer and smoother data transfer** and **signal reliability**.

IP55

No more worrying about raindrops or sweat, **tough enough for any day**.
